### PERSONAL APPEARANCE

While in the spirit of Christmas  
giving . . . don't forget what a big  
sucking the fire department has to  
do . . . and be generous.

From all accounts . . . tiny KATH-  
LEEN REILLY was bewitching in her  
new red velvet evening gown at the  
football pep squad affair . . . the  
pseudo "glamour girls" were a little  
self-conscious in their daring frocks  
and new high hair-dos . . . and the es-  
corts profited by the timely lesson on  
the social graces . . . except extra  
hungry ones who filched a couple of  
salads.

HENRY STIEGLER and ADA  
BELL CARTER argued over their  
respective decorating tastes . . . but  
they must have combined their ef-  
forts to achieve the attractive Christ-  
mas show-window at FLY DRUG  
CO. . . JAKE SCHUEHLE showed  
up prominently in the news reel at  
the picture show this week in flashes  
of the T. C. U.-Rice football game  
 . . . the sports announcer had diffi-  
culty with his last name . . . but  
Jake was recognizable as "Shoolie"

Another Hondo boy to figure in  
the football news is TED DAWSON,  
Texas U. indispensable, whose picture  
in the program at the recent Long-  
horn-Aggie game gave Hondoites  
another of "our boys" to brag  
about . . . Mrs. A. H. SCHWEERS  
received quite a shock when she  
found a pig on her front stoop.

VOLNEY BOON was seen fine-  
combing the road between home and  
store Wednesday . . . hunting dollar  
bills that son HERBIE scattered  
along the way . . . No treasure seek-  
ers need apply . . . he found 'em . . .  
While we are on the subject, did you  
know that in the not so distant past  
Barnes' Bluff on the P. C. JAGGE  
Ranch was the Mecca for fortune-  
hunters . . . who sought the treasure-  
trove presumably buried years ago by  
the anchorite for whom the bluff is  
named? . . . they didn't find it.

The San Antonio Light carried the  
following on its sports page:

"Dr. O. B. Taylor, adjutant of Hal  
Jones post No. 128, American Legion,  
writes in to suggest that 'since The  
Light has named an all-city Class A  
football team and the nation is all  
worked up over various 'bowl' games  
 . . . why not play an all-city team  
from either Dallas, Fort Worth or  
Houston in a post-season game at  
San Antonio in a 'Chili bowl'?"

"For a couple of years not so long  
ago that was actually done, Doctor.  
But it didn't go over very well, and  
they didn't call it the Chili bowl.  
There's merit in the idea—or it never  
would have been tried in the first  
place—and it's to be one of the  
promotional stunts attempted when  
San Antonio gets its new municipal  
stadium out in 'Holler's Holler'".  
About naming it the Chili bowl, such  
a move probably would have to be  
made over Jim Hollers' dead body."

It seems Dr. Taylor still thinks the  
'Chili bowl' is a good idea . . . and  
is seconded by BILL GAUDIAN . . .  
We don't know whether 'Holler' is  
backwoods for a space between hills  
 . . . or has a more painful significance  
in view of the said Hollers' profes-  
sion . . . but as a colleague, Dr. Tay-  
lor ought to be able to understand  
why his suggestion is out and 'Holler's  
Holler' is in . . . and just to  
end the comebacks 'Holler' (hollow)  
also means 'cavity' in any man's  
dictionary, including the dentists'.

If you laugh when you see the  
coy pink frock and hat to be worn  
by RUDY RATH tonight . . . what  
will you do when you see him in 'em?

### METHODIST NOTES.

December 11th is Universal Bible  
Sunday. As a feature of the day a  
number of old and otherwise unique  
Bibles will be on display at the  
church. At the ten o'clock service  
Rev. J. J. Mason, the Presiding Elder,  
will preach.

On Sunday, December 18th, at 5  
o'clock in the evening we will have a  
short pageant featuring Christmas  
Carols of many nations called "Christ-  
mas Around the World". We are hav-  
ing our service at five to give to our  
members, who desire to do so, an op-  
portunity to attend the service at the  
Baptist church that night. You are  
cordially invited to our services.

W. S. HIGHSMITH,  
Pastor.

### QUIHI NOTES.

And Laban said unto Jacob, Be-  
cause thou art my brother, shouldst  
thou therefore serve me for nought?  
Tell me, what shall thy wages be?  
Gen. 29:15.

A word or two about that term  
"brother" in the text, whereas we  
know that Laban is uncle to Jacob  
and he his nephew. But in Scripture  
"brother" does not merely denote the  
son of the same father and mother. It  
may mean any kinsman by blood, or  
any man born in the same country,  
of the same stock, of the same rank,  
faith, office, business, dignity, or any  
one beloved as a brother. That some-  
what vague terminology thus gave  
rise to the much mooted question  
whether Jesus had actual brothers,  
because James, Joses and Judas are  
repeatedly mentioned as such, or  
whether the term merely designates  
close relatives, perhaps cousins. As  
a matter of fact, we use the same  
word "brother" in a still more in-  
definite and loose way, so much so  
that it has become an empty form of  
address. The man on the street, on  
the bus or train, Irish, Scotch or any  
other nation's son, you've never seen  
him before, yet he "brothers" you  
for information, for a match, or, if  
a member of the panhandling legion,  
for a lift (the hard luck story he  
throws in), and the "brother" is  
never more stressed than by the one  
trying to pull the wool over your  
eyes. The latter are certainly not  
"children of the same heavenly  
Father and spiritual foster-brothers  
of Christ with us", and that's what  
the term "brother", in its most digni-  
fied sense, should stand for.—Some-  
thing else in our text proves to be  
an item of interest. During the  
"space of a month" Jacob had volun-  
teered his service gratis, helping  
here, and helping there, with never a  
word or hint about payment; working  
by his board and pleasure. Laban  
had already discovered that this visit  
would be a rather long drawn out af-  
fair, and with due probity he would  
not take undue advantage of the  
visitor's helping hand. He should not  
serve "for nought". Let's give him  
credit. There are other uncles. And  
more credit for the other proposition,  
"Tell me, what shall thy wages be?"  
That's a mouth full. That starts the  
stone of "capital and labor" rolling,  
and it's rolling still and more furiously  
than ever. That puts the laborer  
among the capitalists, his capital be-  
ing the value of his labors, and lets  
him set the wage-scale for considera-  
tion and approval, with little bickering  
and bargaining and leaving the  
initiative and final decision with him  
who wants that labor and willing to  
pay for it. The reverse of the "union"  
demands today where labor prescribes  
the wage and the "boss" is forced  
into submission in granting every de-  
mand, meekly and subserviently, if  
he wants to go on. What might Jacob  
have asked for? In Christ's time labor  
was still very cheap, and that was  
many centuries later. The laborer in  
the vineyard received a "penny" a  
day, about 16 cents (Mat. 20) and  
the householder, the manager, had  
the final word. And today? Often the  
case where the strong blind hen does  
the scratching all day long and the  
lazy hen with two good eyes doing  
the picking. More often it's the re-  
verse. The owner gets the left-overs  
and tries to make ends meet. There  
is "over-reaching" on both sides and  
the fight is on to safeguard interests  
and rights. In France it comes to a  
showdown, where "labor" is fighting  
the government, instead of mere  
"capital". Russia has eliminated  
the laboring class to do the bidding  
of the government syndicate. Judging  
by the number of strikes—over 300  
since January—the laborer of the  
U. S. is worse off. Really? All is  
gauged by the "standards of living",

what you purchase with your income.  
Food, clothing and shelter are very  
elastic terms. They may be handled  
reasonably or swallow much beyond  
the last penny of your pay-day. We,  
the United States, have only six per  
cent of the world's land area and  
seven per cent of the world's popu-  
lation, yet we consume half the  
world's coffee and rubber and  
electrical energy; we use three  
fourths of the world's silk, one third  
of the world's coal, two-thirds of the  
world's oil. For the same "standard  
basket of food" that the American  
laborer works one and one quarter  
hours daily, the laborers of other na-  
tions work from two to five hours.  
By rights, we should be the most  
contented and grateful people under  
God's guiding care. Are we? What  
wages did Jacob ask?

Mrs. Ehme Saathoff, Sr., was able  
to leave the Medina hospital and re-  
turn to San Antonio with her daugh-  
ter, Mrs. Cole. Also Arthur Schulte,  
Jr. left the place rejoicing, in spite  
of the good care he had, but his uncle,  
Mr. Alfred Schulte, has taken his  
place, down with the effects of an  
operation. But things are progressing  
nicely. We are grateful with him.

With a dozen members present the  
Ladies' Aid went into action on De-  
cember the first. The election was a  
major item of the business. The re-  
sult: Mrs. Otto Lindeburg, president;  
Mrs. Geo. Balzen, vice-president;  
Mrs. Arnold Balzen, secretary; (all  
three re-elections) and Mrs. Frank  
Boehle, treasurer. A vote of thanks  
was given to the officials and also to  
Mrs. E. H. Hartman and Mrs. F.  
Boehle for various services rendered.  
The committee for the sick are Mrs.  
C. H. Fuos and Mrs. Otto Grell. The  
auditing committee: Mrs. Joe Horn  
and Mrs. Emil Saathoff. Missions  
and the Christmas seals for the Grace  
sanitarium received generous at-  
tention. The series of dialect readings  
were closed with a selection from the  
Swabian dialect, well known here.

Extensive repairs on the parsonage  
are in full go and the living quarters  
are rather cramped. The Messrs. Phil  
and Andrew Eckhart handle the job.

The list of those having contracted  
colds recently is quite long and on the  
increase. How little can we stand,  
after all. We found Mrs. H. H. Bal-  
zen just recovering from one of those  
spells.

Announcements for December the  
11th: English service at 10:30; Sun-  
day school at 9:30; German service  
at New Fountain at 2; Lutheran League  
program at 7 P. M. A hearty invita-  
tion is extended to you and yours.

### KEEP TO THE RIGHT!

### YANCEY METHODIST CHURCH FLASH.

Leon D. Brown, Minister.

The Young People's Union meet-  
ing will be held at the Yancey Metho-  
dist Church, December 11, 1938. A  
splendid program has been arranged.  
The Youth Crusade will be the sub-  
ject. Young people from the surround-  
ing communities and towns are ex-  
pected to be present. Dinner will be  
served to those attending. You are  
invited to come and hear the splendid  
program.

The subject discussed at the 11  
o'clock church service by the pastor  
will be a Young Peoples' theme: "If  
I Were Starting Life Over Again".

Rev. J. J. Mason, Presiding Elder,  
Uvalde District, will preach at the  
7:30 hour and after the preaching  
service will conduct the First Quar-  
terly Conference.

How do we deal with God? How  
we deal with God might help us to  
see our condition. We lay claims to  
being the "stewards of the manifold  
grace of God" but do we always  
remember that claim in our every  
day living? Many times we often for-  
get this, and go on as if our gifts  
were our own, to be used simply for  
personal gratification. We expect to  
serve if convenient. We say that we  
are Christians—but it is too cold on  
Sunday for going to church. If I had  
better clothes I sure would go to  
Sunday worship. If I had some change  
to put in the collection plate I would  
be there. On and on, one could list  
"Famous excuses of Church people".  
But still all hope to be blessed. Sup-  
pose a clerk would refuse his boss's  
order—out he would go to join the  
ranks of the unemployed. Suppose  
you bought a ticket for a ride on  
some bus, air-plane, fast streamlined  
streak or steam-ship and the one in  
charge refuses to make the trip on  
schedule time by saying it was in-  
convenient for him to depart on time  
and arrive on time. Suppose you had  
a few cents balance in the bank and  
write a check for that amount and the  
banker would not honor it, because  
he did not want the balance at the  
bank disturbed. How long would a  
person's personal right stand this—  
stand being kept from using what  
was rightly his own. Not long, to be  
sure! Some one would get a New  
Deal. But the question comes to me:  
"How do we deal with God?" After  
all, we cannot just forget about this,  
for it does matter how we deal with  
God. Can we look into the smiling  
face of God and say, "Father, here is  
my best?"

### MISSIONARY MEETING.

Monday afternoon at 3:15 o'clock  
sixteen members of the Woman's  
Missionary Society met at the church  
for the last business meeting of the  
year. Mrs. J. A. Horger led the de-  
votions. All were deeply impressed by  
her beautiful Christmas spiritual  
message.

Mrs. O. A. Fly, the president, then  
took charge of the business meeting  
and Miss Bertha Newton read the  
minutes of the last meeting. Mrs. Fly  
asked each officer to give an annual  
report, after which the Christmas  
party to be given at the home of  
Mrs. A. H. Schweers was discussed.  
Report of the zone meeting at Yancey  
and the Missionary Bulletin was  
given by the Superintendent of Pub-  
licity, Mrs. J. G. Newton.

The social and program meeting of  
last month was in the home of Mrs.  
D. W. Fly, who was assisted by Mrs.  
J. A. Horger. Miss Lora King was  
leader of the program. She was as-  
sisted by Mrs. Graford Rogers, Mrs.  
S. O. Woods, Mrs. Earl Boon and  
Mrs. W. S. Highsmith. This program  
was indeed interesting and instruc-  
tive.

Delicious mince-meat pie topped  
with ice cream was served by the  
hostesses.

next hostess of the Society.

### TO PRESENT PAGEANT.

beautiful sacred history of Christ's  
coming into this world as a baby will  
be given, interspersed with appro-  
priate songs, tableaux and panto-  
mimes.

Everyone is most cordially invited  
to attend this special service.  
Come and bring others with you!

\* According to a Dunn & Brad-

### THE CHALLENGE.

Addressing the recent New York  
Herald Tribune Forum, at which a  
number of distinguished Americans,  
including the President, spoke on  
topics of general interest, Wendell  
L. Willkie, President of the Common-  
wealth and Southern Corporation,  
made a searching discussion of totali-  
tarian government.

"We are facing in this country a  
challenge which all nations are fac-  
ing," said Mr. Willkie. "It is the  
issue between security and freedom.  
Today nearly half the world lives  
under some form of dictatorship.  
Several hundred million people are  
completely enslaved by their gov-  
ernments. These governments place  
no importance upon the individual  
and his work; they place supreme  
importance upon the state and the ef-  
ficiency of its organization. These  
people have given up their liberty for  
a false security. They have exchanged  
their freedom for bread which they  
may not receive."

"We need to remember that a com-  
pletely planned economy, a guaran-  
teed security, can exist only under an  
authoritarian and discretionary gov-  
ernment. It is in the name of plan-  
ning that government always as-  
sumes dictatorial powers and through  
discretion that it exercises them."

Mr. Willkie knows well what au-  
thoritarian government means—the  
electric utilities have had a bitter  
taste of it. And, to a lesser extent,  
so has all business in this country.  
It would be ridiculous to argue that  
we have thrown democracy over-  
board—but it would be equally ridi-  
culous not to admit that in our search  
for a guaranteed security we  
have weakened democratic institu-  
tions, in the interest of a so-called  
planned economy.

Here, then, is the greatest issue of  
the times. It is, as Mr. Willkie says,  
a challenge—to our courage, to our  
intelligence, to our foresight. It is  
not a matter of partisan politics. We  
in America, in company with other  
troubled nations, must eventually  
choose between a free system which  
has given us more, by far, than any  
other nation—and the authoritarian  
doctrine which is spreading like a  
black cloud over the world.—Indus-  
trial News Review.

### LABOR WARNED IN OREGON.

The Committee for Industrial Or-  
ganization (C. I. O.), at its recent  
convention in Pittsburgh, adopted a  
resolution threatening the Ford Mo-  
tor Company with a boycott of its  
cars if it continues to refuse to bar-  
gain with the union. Under the Wag-  
ner Act, coercion and intimidation  
are forbidden only to the employer,  
who may not even express an opinion  
to his employees derogatory of a  
union or unions, while labor may in-  
vite the public to ruin him.

It is such perverted law in our  
country, that seems to follow pretty  
closely the pattern of one-sided jus-  
tice as meted out today in some for-  
eign nations, that brought a revolu-  
tion of public sentiment in Oregon  
which has surprised the nation. Ore-  
gon voters said labor dictatorship  
must go, labor unionism may stay.  
By a heavy majority vote, even in  
labor centers, an initiative meas-  
ure was passed which prohibits sur-

### Hondo F. F. A. Places Fifth in Sweepstakes

Out of eleven schools entered in the judging contest which was held at the annual Poultry Show in Sabinal Friday, Hondo placed fifth in the sweepstakes, Utopia, Cotulla, Devine and Pearsall placed from first to fourth, respectively.

In the grain contest Natalia placed first while Hondo and Cotulla tied for second place. Devine, Cotulla, Pearsall and Hondo placed in that order in the Soil Conservation contest. In the Poultry contest Crystal City placed first; Cotulla, second; and Utopia, third. Utopia, Pearsall and Cotulla placed respectively in the Livestock contest.

Medals have been received for the two high point men of the Pearsall judging contest which was held some weeks back. The two high point men of that contest were Arthur Lacy of the Dairy team and Robert Cosgrove of the Grain team.

Definite plans are being made toward improving the breed of swine in this community by making arrangements for purchasing registered gilts in the near future.

### Local P. T. A. Host to County Council

At the invitation of the local Parent-Teachers' Association, the County Council will hold its quarterly meeting next Saturday afternoon at two o'clock in the Hondo High School auditorium. Mr. Oscar E. Miller of the Horace Mann School in San Antonio will be guest speaker for the meeting, the title of his speech being "Family Life in Democracy".

Taking advantage of the National P-T-A study course will be the main topic discussed at the council, according to Mr. Clarence Schweers, President of the County Council and also County Superintendent.

The program to be presented will consist of two military dances—"Dance of the Wooden Dolls" and "Three Blind Mice"—by Alice Crow and Marjorie Taylor; and a piano solo—"To Spring" by Greig—played by Frances Ruth Fly.

Officers from all units of the P-T-A in the county are urged to attend this council meeting; members of all units are also invited.

The statesmen of the future will not boast that he was born in a log cabin; instead he will say in his autobiography, "My people always bought their cars on installments."

Culminating the football season for 1938, the annual banquet was given last Saturday by the Hondo pep squad in the Hondo High School.

An Indian motif was carried out in decorations. The banquet table had as center pieces sprigs of autumn leaves, bowls of small yellow chrysanthemums, wigwams, and Indian canoes. The rooms for dancing were decorated with autumn leaves, mistletoe and moss.

## Local Business Men In Cast of Characters

Attempting to make their debut on the legitimate stage, thirty-three of Hondo's business men will make up the Dramatic Personae (cast of characters) for the Womanless P-T-A. A play to be presented next Friday evening at 8:00 P. M. in the High School Auditorium. Admission prices to this play—sponsored by the local Parent-Teachers Association—will be fifteen and thirty-five cents for children and adults, respectively.

"A Womanless P-T-A." a farce comedy in one act, is written by W. A. McKinney of Uvalde, Texas. The rollicking humor of the lines is excelled only by the costumes of the "mothers". The author has depicted for you an ordinary meeting of the P-T-A., burlesqued by the male characters as females. The play opens with the belated arrival of a much-confused president, Dr. Taylor, who soon brings order to the assemblage. After a mock business meeting, a program of varied presentations follows. The program is concluded with an awe-inspiring ballet by the Tephichore Miss Twinkletons.

The cast is as follows:

## WASHINGTON SNAPSHOTS . . .

by  
James Preston

The opinions here expressed are  
Mr. Preston's own and not neces-  
sarily those of this paper.—M. E.

Strategists in the Capital city are  
quietly maneuvering toward a snap  
to decide the future of Federal relief  
spending. It will be an early issue in  
the New Congress that convenes Janu-  
ary 3.

On the offensive will be legislators  
who want to return relief administra-  
tion to State governments to make it  
more efficient at less cost. On the de-  
fensive will be the spenders. They  
are going to fight to retain control of  
this potent portion of the public  
purse by seeking to divert relief  
spending to a new channel which  
they can control—a program of Na-  
tional defense.

Not even the spenders deny that a  
change of relief spending technique  
must be made. Public opinion  
against the present method has ap-  
parently impressed them, and fur-  
ther, they fear threatened Congres-  
sional investigation of the WPA may  
develop. Thus, they are willing to  
change their methods to change. They  
are, however, definitely unwilling to  
lose the power that goes with control  
of relief taken away from them and  
returned to the States.

—WSS—  
And speaking of battle maneu-  
vers even the ghost of Poet Joyce  
Kilmer has been recruited to the  
cause of Washington residents who  
are doing battle with Federal officials  
to save the famous Japanese  
cherry blossoms. The officials have de-  
cided to cut down many of the cher-  
ry trees and build a three-million-dol-  
lar memorial to Thomas Jefferson on  
the site.

Kilmer's poem, "Trees," set to mu-  
sic was sung on the steps of the  
White House last week by Washing-  
ton housewives seeking to stop the  
poised axe of WPA woodmen. Their  
formidable battle appears lost, how-  
ever.

Some Washington correspondents  
are suggesting that if song is to be-  
come a weapon around Washington,  
the Brain Trust thinker-uppers have  
now ready made for them "I've Got  
A Pocket Full of Dreams".

—WSS—  
The correspondents, incidentally,  
have run into nothing but blank ex-  
pression in their efforts to get con-  
firmation or denial of a statement at-  
tributed, just before the election, to  
WPA Administration Hopkins. Several  
correspondents have quoted him as  
saying, supposedly in an unguarded  
moment of anger: "We'll spend  
and spend, tax and tax and elect and  
elect." Editors have asked other  
correspondents to draw Mr. Hopkins  
out further on this subject, but their  
efforts have been futile.

—WSS—  
The AAA program for 1939 is  
ready, by the way. It will take be-  
tween five and ten million acres more  
out of production, confining planting  
next year to about 270,000,000  
acres.

—WSS—  
Labor Department officials are  
showing considerable interest in a  
suitable plan just evolved by a large  
Southern manufacturer for the care  
of employee's children. The manu-  
facturer, employing about 2,000 work-  
ers, is building a large nursery an-  
nex to his factory. Children of work-  
men workers will be cared for by  
trained nurses during working hours,  
thus permitting mothers who might  
have to give up their jobs because of  
child care at home, opportunity  
to hold their jobs.

—WSS—  
So enthusiastic are some labor of-  
ficials over the industrial nursery  
scheme they readily admit they'd like  
to claim the idea as their own.

—WSS—  
The first batch of the new five-  
cent pieces bearing the likeness of  
Thomas Jefferson arrived from the  
Government's mints with a decidedly  
pinkish hue. News was immediately  
spread out Treasury officials and in-  
quired if the pink color reflected the  
Brain Trust influence on the Gov-  
ernment. Chagrined Treasury of-  
ficials hastened to explain that the  
pink color was caused by chemical  
used on the new metal and would  
disappear with use.

—WSS—  
Although there are more than half  
a million corporations in the U. S.,  
less than 1 per cent of our economic activity  
is carried on by individuals and per-  
sonal partnership.

—WSS—  
**HIDDEN TAXES.**  
With the Federal Debt at an all  
time high of close to \$40,000,000,  
and the federal, state and local  
tax collectors taking a full quarter  
of our income, a government agency  
has come along and performed a  
service.

## "NOBODY'S BUSINESS."

By  
Julian Capers, Jr.

The opinions here expressed are  
the author's own and not neces-  
sarily those of the Herald.—M. E.

AUSTIN, Dec. 5.—The "kitchen  
cabinet"—a group of citizen-advis-  
ers who will tell the Governor how  
to run the State—has long been a  
dream of certain candidates who as-  
pired to the State's highest office.  
Tom Hunter was the first to make  
the kitchen cabinet a campaign issue,  
way back when he made the first of  
his many unsuccessful races for Gov-  
ernor. This week the kitchen cabinet  
became a reality, as a group of 34  
Texans—mostly business and profes-  
sional executives who have made out-  
standing successes of their own lines  
—assembled at Fort Worth for a sec-  
et conference, closed to the press,  
with Gov.-elect W. Lee O'Daniel.

The Governor-Elect announced  
personnel of the cabinet with consid-  
erable publicity, pointing out to  
those selected that their choosing  
was without political significance or  
pressure. The list includes heads of  
utility corporations, major oil com-  
panies, educational institutions,  
wholesalers, an independent mer-  
chant, a labor paper editor, a hotel  
man, and the wife of a tenant  
farmer.

The committee will not be without  
some expert political advice, how-  
ever, should the need arise. After  
the original list was announced,  
O'Daniel added the name of Captain  
J. F. Lucey of Dallas. Capt. Lucey,  
an oilman and asphalt refiner, was  
national campaign manager for Her-  
bert Hoover in his pre-convention  
campaign in 1920, and again in 1928,  
he was manager for Hoover in five  
southwestern states, including Texas,  
which the Republican nominee car-  
ried, for the first Republican victory  
in a Texas national election since the  
Civil War.

### Pension Plan Still Dark

Out of his conferences with this  
group, O'Daniel may formulate some  
plan of raising money to pay prom-  
ised pensions, for submission to the  
Legislature, although he has said he  
will not reveal his program in ad-  
vance of his first message to the so-  
lons. State Auditor Tom King, com-  
pleting an audit of the Pension  
Fund's operations for the year, re-  
vealed that to pay even \$15 a month to  
all Texans over 65, estimated to  
number 284,742, will cost a total of  
\$51,250,000 annually, or about \$42-  
000,000 more than the present pen-  
sion cost. About 113,000 pensioners  
now on the rolls receive an average  
of \$13.76 per month each. At present,  
Texas pensions 392 persons per  
1,000 over 65, being outranked by  
only four States, Oklahoma, Utah,  
Colorado and Montana in percent-  
age of aged pensioned. Only two  
states—Illinois and California—actu-  
ally pension a larger number of aged  
persons than Texas.

### Journalist Urges Force

Isaac Marcossion, noted author,  
lecturer and student of world affairs,  
who has interviewed virtually every  
important world political figure for  
20 years, commented on the position  
of the United States in Latin-Amer-  
ica while in Austin for a lecture. He  
praised a proposal by Senator Clint  
Small and other Texas legislators to  
seek adoption of a resolution asking  
the State Department to take more  
aggressive action on Mexican seizure  
of land and oil properties belonging  
to Americans.

"Mexico is like the European dic-  
tatorships," he said. "She respects  
only force, and that is what the  
United States should use. The prob-  
lems never will be satisfactorily  
solved under this fantastic Good  
Neighbor policy."

### Benefit Aids Refugees

A generous gesture to aid the  
thousands of European Jews who are  
suffering medieval persecution in  
European states were the benefit  
performances held this week in the  
137 Interstate theatres of Texas,  
Arizona and New Mexico. The bene-  
fit shows were 100 percent for the  
cause named, all expenses being paid  
by the theatre circuit, and the entire  
gross receipts going to the sufferers.  
The plan was typical of Karl Hoblit-  
zelle, whose wide-spread charitable  
and civic contributions are usually  
masked behind his extreme modesty,  
and given little or no publicity. Bob  
O'Donnell, Hoblitzelle's able associ-  
ate, worked out details of the circuit-  
wide benefit performances.

### Economy Move Balked

Austin observers were slightly  
amused, after all of the economy talk  
that has been going around, when  
Railroad Commissioner Lon A. Smith  
and Commissioner-Elect Jerry Sadler  
were offered a "showdown" on a real  
economy move this week, and backed  
away hurriedly. Smith and Sadler  
have been filling the newspapers with  
announcements of the firing of var-  
ious appointees of retiring Commis-

of the user of electrical service as a  
heavy payer of hidden taxes. This is  
only one of the hundreds of unseen  
taxes that daily make a hole in the  
family budget.

According to the Commission's  
data, the average electrical service  
user meets hidden taxes equal to 12.6  
per cent of his monthly bill.

Although the hidden tax bill  
throughout the country averaged  
12.6 per cent, in some cases it ranged  
as high as 20 per cent of the pay-  
ment by customers of the utility  
companies.

The report covered 150 companies  
operating throughout the nation,  
serving more than 17 million custom-  
ers in over 22,000 communities dur-  
ing the year 1937.

sioner C. V. Terrell, and the appoint-  
ment of their successors. Thompson  
quietly submitted a list of 45 em-  
ployees, including some named by  
himself, some by Terrell and some by  
Smith—whose salaries total over  
\$8,000 a month—and suggested they  
be let out as an economy measure  
and their salaries saved.

Smith hurriedly announced he  
thought it would be "bad taste" to  
act on the matter, with Sadler not  
yet in office, and the matter was  
dropped.

### Names and News

Secretary of State Ed Clark and  
Railroad Commissioner C. V. Terrell  
will join the ranks of those practicing  
law in Austin after January 1, Clark  
probably in partnership with Everett  
L. Looney, a former assistant to  
Gov. Alfred when the latter was At-  
torney General . . . Official launch-  
ing of the Garner-for-President boom  
was staged Monday at Detroit, Gar-  
ner's old home, with Roy Miller, of  
Corpus Christi, Garner's close politi-  
cal friend, directing the show . . .  
Bascom Giles, new Land Commis-  
sioner-elect, made a hit with the Senate  
economy committee when he asked for  
a budget \$13,000 less than the cur-  
rent figure for his first year in of-  
fice, as a contribution to the econ-  
omy movement . . . The Senate econ-  
omy committee will recommend appro-  
priation bills with each employee and  
each salary listed separately, so the  
Governor may abolish any job he sees  
fit, by vetoing the salary appropriation  
for that particular place, without  
killing the entire bill . . . The Su-  
preme Court will pass finally upon  
the highly controversial Polk County  
vacancy suits, which were a cam-  
paign issue in the Land Office and  
other races this summer. The court  
agreed to review the decision of the  
Beaumont Court of Appeals, which  
ruled in favor of the land holders,  
and against the vacancy claimants.

### RESPITE

When twilight falls, like a soft  
Caress upon the hill,  
It kisses too my weary heart,  
And carking cares that fill  
The busy day are lost within  
Its purple still.

Thus may it be when I shall start  
Upon that unknown trail,  
That fear, like cares of day depart,  
And leave within the soothing calm  
That comforts earth at twilight hour.

### MRS. C. W. GILLIAM DEAD.

Mrs. Claude W. Gilliam, mention  
of whose serious injury in a traffic  
accident in San Antonio was made in  
the last week's issue of this paper,  
died from the effects of her injuries  
about ten o'clock Tuesday morning,  
December 6, 1938, in a San Antonio  
hospital where she had been since  
the accident. Hopes of her recovery  
had been maintained until the last,  
but having been a long sufferer from  
rheumatism her condition could not  
withstand the shock, despite the best  
surgical care that could be provided.

Her remains were brought to Hon-  
do and buried in Oakwood cemetery  
Wednesday afternoon. Rev. W. S.  
Highsmith, pastor of the local Meth-  
odist church, conducted the funeral  
service at the Horder funeral parlor  
and officiated at the grave. The pall-  
bearers were: J. H. Burgin, J. M.  
Finger, D. H. Fly, W. G. Muennink,  
James Amberson and C. J. Monk-  
house. There was a large attendance  
at the funeral and there was a pro-  
fusion of beautiful flowers.

Margaret Jane Riggs Gilliam was  
born in Burnet County on February  
20, 1875. She had, therefore, reached  
the age of 63 years, 10 months and  
16 days at the time of her demise.

She was married on April 20, 1893,  
to Claude W. Gilliam. Five children,  
four sons and a daughter, were born  
to this union. They are: Charles W.  
Gilliam of Altadena, California; Tom  
Gilliam of Pearland; George W. Gil-  
liam of Corpus Christi; Ashbel Gil-  
liam of Hondo; and Mrs. Panchita  
Thompson of Cliff. Besides her hus-  
band and children, she is also sur-  
vived by fourteen grandchildren, three  
brothers and two sisters.

Mrs. Gilliam had been a Methodist  
from childhood and for the past 25  
years was a member of the Hondo  
church. For several years she has  
been a sufferer from rheumatism  
which at times rendered her almost  
helpless despite every effort to find  
relief. Her tragic death has brought  
sorrow to a wide circle of friends  
whose sympathy goes out to the  
bereaved ones who mourn the loss  
of a good wife and mother.

### MRS. OTTO H. BRUCKS DIES SUDDENLY.

As we go to press arrangements  
are under way for the funeral of  
Mrs. Otto H. Brucks, who died sud-  
denly at her home here at 11:40  
o'clock P. M. Wednesday, December  
7, 1938.

Mrs. Brucks had been a sufferer  
from a weak heart for some months,  
but was strong enough to attend the  
funeral of Mrs. Gilliam Tuesday af-  
ternoon. Later she became ill and  
passed away.

The funeral will be held this after-  
noon, beginning at 2:00 o'clock at  
the Horder funeral parlor. It will be  
conducted by her pastor, Rev. Paul  
Czerkus of the St. Paul's Lutheran  
church. Interment will be made in  
the Quibi Lutheran cemetery.

Mrs. Brucks was born at Quibi on  
August 17, 1868. In her girlhood  
she was married to Otto H. Brucks  
who preceded her in death about four  
years ago. Five sons and four daugh-  
ters survive this union. They are  
Willie J. Henry, Charles, Frank and  
Robert Brucks and Mesdames Ida  
Riff, Lizzie Haby, Minnie Schlentz  
and Ella Tschirhart.

The active pallbearers for the  
funeral are Lawrence Brucks, Alfred  
G. Brucks, Joe W. Brucks, Robert  
Schulte, Edwin Schulte and Henry  
Schulte.

A more complete sketch will appear  
in the next issue of this paper.

the spreading of the blaze to the ad-

and the loss was covered by insur-

Robert Kollman, L. A. Meehler, C. J. Bless, Alfred Breiten and Marvin Schweers, members of the Hondo Volunteer Fire Department, were in Bandera Thursday inspecting the fire truck of that town. The firemen are investigating modern fire trucks so as to be aware of its advantages and merits when time comes—not so far distant—for the purchase of a new truck for the local organization. The Hondo fire company is a very active organization of thirty members, headed by L. A. Meehler as fire marshal and guided by a group of veteran fire-fighters, and has given Hondo and vicinity valuable service. In the past two years the department has purchased 1000 feet of new hose, urged the installation of more fire plugs, cleared the organization of all debt and is solvent to date. In 1937, by renovating the fire-house and clearing its premises, the fire insurance rate for Hondo was appreciably lowered, a great saving for the property-owners. With the purchase of a new fire truck, with greater speed to facilitate calls to outlying farms, and equipped with water tanks and other modern apparatus, Mr. Meehler assured us that the property-owners will benefit by further reduced rates as well as greater protection against fire loss.

E. S. Rieber, cooperative observer for the U. S. Department of Agriculture weather bureau, reports the following for the month of November at Upper Hondo: Temperature: high, 83 degrees on 17th; low, 14 on the 25th; killing frosts on the 8th, 9th, 19th, 20th, and 24th to 28th inclusive. Precipitation: .68 inch falling as follows, .56 on the 2nd, .01 on the 6th, and .11 on the 15th; since January 1st, 1938, 24.46 inches. There were 15 clear days, 6 partly cloudy, and 9 cloudy. Mr. Rieber says his section is very dry.

In a private letter from R. I. (Bob) Deckert, a former D'Hanis boy and now with the Texas Liquor Control Board, he says: "I herewith hand you my check to cover subscription to your paper (Hondo Anvil Herald). Although I have not lived in Medina County for several years, I do enjoy the interesting news items, constantly found in your paper. I was born and reared in Medina County and always call it my home. I am equally proud of your paper."

The few cotton farmers left in Medina County will meet at the designated voting places in Hondo and D'Hanis tomorrow and cast their votes in the Southwest cotton marketing quota for 1939 election. The boll weevil bugs have about put Medina County farmers out of the business of growing cotton; it looks as if the quota-bugs are about to finish the job.

Emil Leinweber is enjoying a visit for the winter months from his son, Arnold W. Leinweber, and family of California. Arnold left here about seven years ago and this is his first visit home. In the meantime, he married a girl of the Golden West and they have three interesting children.

## COMFORTRACTOR COMES TO TOWN.

Wonder what great-grandfather would have said if he could have seen the ultra-modern COMFORTRACTOR that L. A. Mechler, local MM dealer, presented here on December 7th. In all probability he would have muttered "Tain't possible!" and walked away. But the fact remains that Minneapolis-Moline's newest tractor creation is a reality, fully equipped with all the modern luxuries enjoyed only in pleasure cars, yet able to perform all the functions on the farm that ordinary tractors can, including use as a stationary power unit. It may have been dreamed of by some artist visualizing the tractor of the future, but it remained for Minneapolis-Moline, the pioneer of the modern tractor industry, not only to have that vision, but to bring it into existence. The Comforttractor protects the farmer from the weather, dust and elements, it's better for his health, as well as more comfortable. This tractor offers real protection. The safety glass all around and air cir-

ulation and temperature control features indicate clearly that it's built for the safety and comfort of the operator as well as to get work done. It costs more than open tractors, but good farmers will realize its worth.

The amazing thing about this tractor is its versatility. It combines the functions of the ordinary farm tractor with a powerful farm truck and an efficient passenger vehicle and is streamlined in the 1939 mode of trucks and automobiles. It has all the power required to pull four fourteen-inch bottoms under ordinary conditions. By simply removing the front fender which takes less than a minute, this supertractor is ready for full, load belt work; and when the farmer wants to go to town, he simply puts the tractor into high gear—it has five forward speeds—and high-tails down the highway about 40 miles per hour.

Rain or shine, hot or cold, this "Prairie Limousine" is always ready to go. With an all-steel, dust-proof

cab equipped with a heater for winter and an air circulation unit for summer, a radio, self-starter, electric lights, deep cushioned seats, instrument board, windshield wiper, cigar lighter and many other luxurious features it can truly be called the "World's Most Modern Tractor". You but do doubt you'll have a chance to see more of them soon if the enthusiastic interest of the 175 farmers who attended L. A. Mechler's show is any indication of what farmers want.

## STUDER'S CHRISTMAS OFFER.

The giant painting of a Christmas scene erected last year in front of Studer's San Pedro Avenue studio in San Antonio which attracted visitors from all South Texas is now being replaced by a larger painting with a more elaborate setting.

The new painting, measuring 22 feet by 40 feet has as its central point of attention a large replica of Santa Claus riding a new moon.

The natural cedars that flank the scene fade so gradually into the trees of the painting that close attention is required to detect the difference.

The snow covered mountain range in the foreground sets forward from the background of the star studded sky.

More than ten thousand kodak snapshots were made of the painting last year, and arrangements are being made to accommodate twice that number this season. The present display is being so constructed that kodaking parties can use the scene as a background. Thus the individuals in the groups become a part of the Christmas scene.

Because of Christmas preparations such as these, Studer Studios have arrived at a position of dominance in the photographic profession. And the special photographic offers which Studer makes each Christmas season have also contributed to Studer's position of leadership.

The special offer for the current Christmas season is seven photographs for \$1.25, consisting of one 8x10 Royal Kashmir portrait, and

## TAKE TIME TO MAKE TIME

By T. C. Richardson, Secretary Breeder-Feeder Association

These long winter nights may be so used as to save time and labor next summer when the growing season demands that every hour and every stroke of work be made to count. There will be no time for thoughtful planning then, but thoughtful planning now will pay large dividends later. Whether there is a government program or not, and whatever government program may be in effect in 1939, forehanded farmers lay out the major lines of their year's operations ahead of planting season.

In every community may be found farmers who thrive better than their neighbors under the same conditions, and in every case, whether or not they consciously sit down and map out a system of farm management, it will be found that their thrift is not luck, but good judgment in making the best possible use of their facilities and utilizing the available labor to a better advantage. In its simplest terms good farm management is "man use plus land use".

Certain crops call for a peak of labor at the same time, and if they are not to suffer from neglect, labor has to be hired. This is a cash outlay which must be deducted from the gross profits from saleable products, reducing the farmer's own net returns proportionately. Good farm management plans for spreading the operator's own labor over a longer period, and this involves crop diversification. Crop diversification to be successful demands livestock to utilize the feed crops, and livestock grow, multiply and produce while the operator sleeps.

By planning ahead, a succession of grazing crops to be harvested by the livestock themselves may be provided, and under normal conditions

some sort of green grazing may be had throughout the year in most of the Southwest. This is well illustrated on the W. F. Glenn farm, Grayson county, Texas, where sheep and cattle graze the year round. The cotton and corn fields are grazed in fall, volunteer oats sometimes are also available. Fall sown wheat and oats furnish grazing throughout the winter, rye grass takes up where the grain fields leave off, and by the time rye grass seeds and dies down, native pastures and Sudan grass are ready to furnish summer grazing.

There is more to planning, however, than pastures, and one of the most constructive moves toward more profitable farming in the Southwest is the county planning programs worked out by farmer committees with the technical help of extension, experiment station, and vocational educational forces.

In the State Fair at Dallas a striking exhibit was that of Hill county (Texas) which showed the enhanced returns from practical and scientific planning and set a goal for the planning of every farm in the county by 1940. Doubtless other counties have adopted a similar program, and where they have, the farmers who first co-operate will be that much ahead of their neighbors.

It is not necessary, however, to wait until there is a county-wide planning program, and in the individual farm family, after all, must plan according to its own resources and abilities. Helpful bulletins can be had from the agricultural colleges on request, and they will well repay careful study during these long winter nights when there is plenty of time to read and digest the information they supply.

County agents, vocational agriculture teachers, the Farm Security Administration will help those who wish to help themselves by planning ahead.

six smaller 4x6 autograph photographs.

However, for the benefit of those who shop early, Studer is making a half price offer of three genuine Vignette portraits, size 8x10, one hand colored in oils by accomplished artists, and two finished in silvertone, for only \$1.00. The dead line for this latter offer is Saturday, December 10th.

It is just such resolutions as the one passed in Pittsburgh that turn people against labor radicalism, not against honest unionism. **SALUTE TO HONDO.**

As the finale of his news broadcast of Wednesday night, Ken McClure, radio announcer whose program is sponsored by the Pearl Brewery, delivered a salute to Hondo as follows:

Back in the days when the West was young and we barred the doors with a wagon tongue, the city of Hondo, county seat of Medina County, and one of San Antonio's closest neighbors, was a wide open prairie spot on the range where smart ranchers rode well on hardy mustangs. Not a one of them realized as they loped along riding herd, that one day the iron horse would come along and make his trail across that very mesa, running twin ribbons of steel along which many men would ride to put spur to the development of the West.

In short, Hondo was spawned by the railroad, and has profited thereof.

Back in the early days many strange attitudes came up as result of the transition of the West. Among them was the dislike by the old time ranger, trail driver and freighter, of the advance of the railroads. These swarthy, hard riding vaqueros made their living by guiding beef on the hoof and toting freight in wagon trains across the wide open spaces to distant spots. Even the old Wells Fargo boys and the pony express riders as well as the stage drivers thought when the iron horse came in. Yet out of this hatred a tremendous beauty of progress was born; cities developed, the West was won—and the dispirited lads of the leather were forced to grin, in course of time, at the futile fury of their complaints

day, December 4, 1938, with a party honoring her daughter, Elvira, on her eighth birthday anniversary.

Refreshments of sandwiches, cake, and punch were served to the little guests: Evangeline Kempf, Darline Tschirhart, Constance Tschirhart, Maxine Tschirhart, Myrtle Tschirhart, Anna Louise Tschirhart, Bernice Karm of Castroville; Rose, Lucille and Eunice Mueller, Tessie Kuhn, Velma Rose Jungman and Elaine Jungman of LaCoste and Marilyn Bowman of San Antonio.

**Birthday Surprise.**

Saturday, December 3, 1938, little Calvin Biediger was surprised with a birthday party.

Refreshments of cake and hot chocolate were served to the many little friends. Those present were Melvin, Leatrice, Dorothy and Larry Burrell, Lloyd Kempf, Guy Allen and Rose Holzhaus, Evangeline and Gerald Kempf, Annabell Tondre, Earl Tschirhart, David FitzSimon, Dorothy Poerner, Harold Hans, Anna Louise Tschirhart, Clinton and Dorothy Mae Biediger, Florence Tschirhart and Mesdames Author Holzhaus, Clarence Holzhaus, Dan Burrell and the little honoree, Calvin Biediger.

The many friends wished the young man many more happy birthdays.

**NOTICE:**

against the so called new fangled mechanics of that day—and were forced to admit as time went on, that the industrial revolution was very much a blessing in disguise.

Out of this travail the town of Hondo was born—and as with most creations of pain, it has become a beautiful child of the old West.

Today Hondo booms along with three thousand industrious people who have not only capitalized on the original cattle industry of the hinterland, but who have broadened their scope of stock to great dairy herds, poultry farms, and a maze of agricultural products representing an almost endless variety of profits from the soil. Intensely modern Hondo has every advantage of a modern city, plus sporting spots for hunting and fishing within a few minutes drive of its courthouse. Its outstanding advantage over many large cities is that, believe it or not, it has no city tax! Best of all it is still a city of opportunity—for it is located in the heart of a region of rich soil, fine climate, excellent water in abundance, natural gas, and splendid schools. It has not only excellent rail and highway facilities, but is served by many well conditioned lateral roads that smart and thrifty citizens have seen to building because they have realized that as the community was born by transportation, so will its development prosper it.

Hondo is one of San Antonio's best and thrifty neighbors, and Pearl's pleased to salute Hondo's citizens ought in commitment to the zeal of a community of progress.

## GMC TRUCKS REDUCED.

PONTIAC, Mich., Dec. 7.—Generally reduced prices throughout virtually the entire 1939 line of General Motors Trucks have been announced by J. P. Little, vice president in charge of truck sales, General Motors Truck & Coach Division, Yellow Truck & Coach Manufacturing Company.

Said Mr. Little: "These reductions cover not only the light-duty range but the medium and heavy-duty trucks as well. Prices of the medium and heavy-duty models represent the greatest values GMC has ever offered, especially considering the many refinements and improvements which have been introduced by GMC—such as ball-bearing steering and Synchro-Mesh Transmissions in certain models.

"In the light-duty range—considering chassis, cab and body as a whole—the cost of a 1939 General Motors Truck combination is materially lower than the 1938."

In announcing the price reductions, Mr. Little also listed the prices of the complete range of General Motors Diesel Trucks, offered in the 1939 line for the first time in the company's history.

Price decreases in the 1939 General Motors Truck line run as high as \$100 per unit as compared with a comparable 1938 model.

An example of General Motors Truck price decreases for 1939 can be found in the half-ton light-duty Panel truck, which not only has a larger cubic capacity than in 1938 but sells for less money. The 88-inch panel truck in this range has been reduced in price \$57.

The three-quarter ton range has been reduced \$60.

"General Motors light-duty pickup trucks, which received such a wide acceptance throughout 1938 because of their larger loading space, also have been materially reduced in price for 1939," Mr. Little said.

"Also of interest is the fact that these particular trucks are wider—they will now easily handle material four-foot wide—and they are of welded, all-steel design. In order words, these trucks are not only lower in price, they are improved in construction."

GMC's popular models in the 2½ and 3-ton ranges—for chassis and cab—have been reduced \$55.

In announcing General Motors Diesel Truck prices, Mr. Little pointed out that "the price differentials (between gasoline and Diesel-powered units) are lower than those offered by competitive manufacturers anywhere in the country."

A General Motors Diesel Truck in the 3½-ton range is priced at \$3,300 for the conventional model, or \$3,475 for a cab-over-engine chassis. In the five-ton range, the respective prices are \$3,895 and \$4,090. Mr. Little also explained that "in the larger capacity ranges, GMC Diesel trucks are likewise attractively priced."

The Cuero Gobblers won the bi-district championship of Districts 43 and 44-B last Friday as they defeated a hard-charging Pearsall team by a 6 to 0 score.

The game was a hard fought one, being scoreless until the last quarter.

In the fourth quarter the Gobblers finally pushed through a stubborn Maverick line and marched 50 yards down field to the Pearsall four yard line from where Lewis Mayne carried it to pay-dirt. Mayne's try for conversion failed.

The Mavericks were led by Walker and Brown who made good gains throughout the game. However, the Pearsall team was unable to penetrate very far into Cuero territory. The Maverick defense was also its best, allowing Cuero to penetrate within their own 30 yard line but one time.

Cuero and Junction will play for the Regional championship this Friday.

Starting line-ups were:

Pearsall	Cuero
Galloway	L. E. Sciba
Thompson	L. T. Joseph
Rylander	L. G. Shulte
Sutton	C. Cheatham
Moses	R. G. Hartman
Downs	R. T. Johnson

Brown	Q. B. Capper
Walker	L. H. Mayne

**ASSEMBLY PROGRAM TO BE PRESENTED BY NAVY RECRUITING STATION**

As an assembly program for all students of Hondo Public School, the United States Navy Recruiting Station from San Antonio, Texas, will show several sound motion pictures dealing with travel, training, recreation, and sports. The program which will be presented at 9:30 Friday morning will be approximately forty-five minutes in length.

In order not to interfere with double period classes, the schedule of periods for the day has been revised so that the periods will now run in the following order: Seventh, eighth, first, second, third, fourth, fifth, and sixth.

The chief purpose of these programs, according to Louis Nagy, Chief Gunner's Mate, Navy Recruiting Station, is to create interest in the U. S. Navy, and to better acquaint the general public with every day life on the ships of the nation's first line of defense.

Any person not attending school but interested in this program is cordially invited to attend.

most articles on the list. The hunt will be followed up with a dance, the place to be decided upon later.

### 1938 Cowboys in Review

Following is a glance in retrospect at each of the boys who composed the first football team of D'Hanis High School. With very little previous knowledge and practically no experience, they were shaped into a well-organized team under the able leadership of Coach Smith. Here they are in review:

**CAPT. HOMER NESTER**, quarterback; played in all games; good at passing; developed into a running back; could kick when necessity forced him to; safety man when on defense; good blocker on offense; led most plays; has another year to play.

**AMOS BENDELE**, fullback; ball carrier; pass catcher de luxe; made most of our touchdowns; gained more ground than any other player; his last year.

**CALVIN BENDELE**, halfback; heaviest man in backfield; unusual because he was not only a blocker but also enjoyed it; besides being good at breaking up passes, he was outstanding as a line backer on the defense; has another year.

**BUDDY BIRY**, center; good at catching passes; besides passing ball back from center, he was usually in the open for a pass on the offense; on the defense he spent most of his time in the opponent's backfield, often smothering plays before they could form; has two more years.

**OLIVER REINHART**, end; held down a wing position; while not accounting for many passes himself, he made his end difficult for opponents to circle; his last year.

**NORMAN ERNST**, end; good pass catcher; was called to backfield for passes and to kick, also at times to run with ball; although not so fast, he runs with a change of pace that makes him difficult to tackle; two more years.

**CHARLES SAATHOFF**, end; nice defensive player; at times rather sparkling on the offense; missed some time because of an arm injury which was, however, not received on the football field; one more year.

**JAMES WOLFE**, halfback; outstanding defensive player; developed during latter part of season, showing especially as substitute in last game; besides being good at bulldozing big opponents, he specializes in recovering fumbles; colorful player; three more years.

**BUDDY BOOG, ELMER KELLER, LEO BRITZ, LEE ROY REITZER, and ROBERT LOVE** were valuable to the squad because of the reserve strength they furnished. They all show promise for the future.

**Rice Downs S. M. U. in Final**

Rice Institute's Owls gave the old dope bucket a mighty beating Saturday, upsetting the favored Southern Methodist Mustangs, 25 to 14, with a 12-point spurge in the final minutes. Rice's aerial attack in the first period made it the most wide-open game of the season.

Ernie Lain went into the game early and, with Ollie Cordill doing most of the receiving, completed 13 passes out of 26 attempts. Lain heaved three touchdown passes and was the principal factor in all four Owl touchdowns.

Meanwhile, the Mustang's share of sensational football was sparked by Johnny Clement, Ray Mallow, and Gerald Geise who completed passes all over the Rice secondary to score two touchdowns.

This was the last game of the 1938 Southwest Conference schedule.

**NOVICE**

A fresh angel comes to you tonight Even now she is poised for flight And though every inch she knows her way Reach out to guide her—Thee I pray!

Roberta (bored): "Well, what shall we do this evening?"

Robert: "Let's think hard."

"No; let's do something you can do, too."
